

# MIKAEL LJUNG AUST

## Senior safety technical leader

Dr. Mikael Ljung Aust has a background in Cognitive Science and works for Volvo Car Corporation as a technical expert in driver behaviour related to crash causation, active safety function development and HMI design.

Over the last 25 years, he has been involved in numerous research projects targeting crash contributing factors and analysis of how active safety functions influence driver behaviour, focusing on how research findings translate into real world safety in the car.
