## Photocat A/S and Grusvej.dk Enter Strategic Partnership for Eco-Friendly Dust Suppression in Denmark.

**Roskilde, 13. april 2026** – Photocat A/S and Lars Henrik Leisted Jensen (Grusvej.dk) today announced an agreement where Grusvej.dk will represent Photocat and the innovative Innolig+™ product in Denmark. The partnership focuses on delivering green solutions for maintenance and dust suppression on gravel roads.

Following successful field tests, the parties have documented positive results that enhance the driving experience and ensure a healthier local environment. Innolig+™ is based on circular solutions, utilizing materials extracted from straw that would otherwise be burned.

### **Michael Humle, CEO Photocat:**

"We have demonstrated our ability to bring green solutions from early stages to market-leading products that support Grusvej's position".

### **Lars Henrik Leisted Jensen, Owner of Grusvej.dk:**

- "By integrating Photocat's technology, we can now offer significantly more effective and environmentally friendly dust suppression".

The partnership does not affect Photocat's financial guidance for 2026.
