

Profile

Napster is one of the leading subscription digital music services in Europe. Owned by Rhapsody International Inc., Napster combines an unrivalled music heritage with a great service. With more than 20 million songs of all genres, Napster offers one of the most comprehensive online music collections worldwide. The company has licensing agreements with all large music labels and hundreds of independent labels. Users can discover new music via radio channels, social media functions, playlists, recommendations and tips from the Napster music editors. **Napster Unlimited plus Mobile** also allows subscribers to use the service through free apps for Apple iOS and Android devices. The company maintains offices in Germany, Luxembourg and the U.K.

Further information is available at www.napster.com.

Content

Napster offers access to 20 million songs of all genres – from the latest hits to obscure album cuts. Users can also listen to live sessions and exclusive interviews with artists.

Napster's huge range of features help users discover great content, including artists' radio, pre-programmed playlists, detailed artist information and an exclusive integrated magazine called "Featured," offering news about new releases and albums worth hearing, localized by market. All of this content is created by the Napster music team to help connect users to music they will love. In addition, Napster offers award-winning community features and access to exclusive tracks from well-known artists.

Pricing & Features

Napster Unlimited plus Mobile can be tested with a free 30-day trial.

For only 9.95 euros* per month, **Napster Unlimited plus Mobile** offers the following features and benefits:
